PAMJA E FAQES

Renderuar nga HTML-ja jonë e ruajtur, jo nga rrjeti. **Riprodhon kopjen tonë, jo pamjen e atëhershme:** stilet dhe imazhet e largëta mund të mos ekzistojnë më ose të kenë ndryshuar.

Motori: chromium-stored+assets · dritarja 1280×1024 px

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation, 2000).

There is a growing awareness of the need to address the needs of people with mental health problems. The Department of Health (2000) has set out a vision for the future of mental health care, which includes a commitment to improve the lives of people with mental health problems and to ensure that they are treated with dignity and respect.

The Department of Health (2000) has also set out a number of key principles for the future of mental health care, which include: a commitment to improve the lives of people with mental health problems; a commitment to ensure that people with mental health problems are treated with dignity and respect; and a commitment to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key objectives for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key strategies for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key measures for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key actions for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key outcomes for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key indicators for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key targets for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key priorities for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

The Department of Health (2000) has also set out a number of key challenges for the future of mental health care, which include: to improve the lives of people with mental health problems; to ensure that people with mental health problems are treated with dignity and respect; and to ensure that people with mental health problems are given the opportunity to participate in decisions about their care.

Pamja këtu është e ri-koduar për ta futur në dokument. Artefakti autoritar është skedari WebP i ruajtur, dhe hash-i i tij është ai i shtypur te faqja e parë — pra dallimi është i verifikueshëm, jo i fshehur.
